

The Japanese Orthopaedic Society for Sports Medicine (JOSSM) and the American Orthopaedic Society for Sports Medicine (AOSSM) have come together in the publication of the *Orthopaedic Journal of Sports Medicine (OJSM)*, an open access publication with emphasis on orthopaedic sports medicine, arthroscopy, and knee arthroplasty. The open access publishing model highlights continuous publication of articles that are freely accessible to anyone with an Internet connection. Please see below for the most recent articles published in *OJSM*, and continue to check the *OJSM* website for new articles!

For your convenience, you can also sign up for journal email alerts that will send you a notice every time a new article is published and keep you up to date with all that *OJSM* offers. To sign up for these alerts, please click [here](#) and follow the instructions provided.
